Divine Alignment

Divine Alignment works with the power of the universal spirit to dissolve conflicts between the spirit and the soul. These long standing conflicts are responsible for lop-sided posture and abnormalities in the body. The healing process manifests itself painless, and is performed without physical contact with the participant.

The result is immediately obvious.... a straight pelvis, symmetrical shoulder blades, equal length legs, and a straight spinal column. The body conforms to the new divine system which enables you to maintain or recover your physical and psychological health.

Lasting effect

Divine Alignment is the most important tool for all types of medical conditions. Back complaints, scoliosis, migraines, tension, joint ailments, and organ diseases are all influenced positively.

After the Divine Alignment has taken place and the blockades have been removed, the self healing can be seen clearly as in the case with the spinal column. There are no limits to the power of self healing except those limits which the free will set itself. Divine Alignment can be performed per participant only once. Since the cause and not the symptoms is treated, its effect is permanent.

Activating the self-healing powers

Before the appointment time each participant should give themselves about one and one-half hours time to take part in a preliminary talk. After this the individual medical complaints of each participant will be documented as well as the length of the legs will be measured. The procedure can take place with the participant either in a sitting or lying position. Immediately after the Divine Alignment has been performed, equal lengths of the legs will be clearly visible. Each participant will receive Reiki-energy to clean the aura and rejuvenate the body.

Divine Alignment for children

Children respond particularly well to Divine Alignment. Babies should be treated before they learn to walk. Treatment is also possible while still in the womb, thereby making the pregnancy, the birth, and the child's start in life easier. In this way many problems with bad posture and the resulting symptoms will not develop.

Divine Alignment for animals

Treatment is also offered for your 4-legged friends. They profit from this treatment as much as we humans do.

Distant Healing

The Divine Alignment works just as well from a distance. All you need to do is send us a photo and make an appointment.

Alignment of habitats

We all like our home to be an oasis of calm and relaxation, our workplace a place of focus and concentration. Confounding factors like underground watercourses or electrosmog wear the ambience of places out and can be harmful for our health as well.

Constant energies

With just one treatment we transform all disturbing energies permanently into virtue and power.

This occurs through universal spirit energy and it is everlasting.

Sensible sense

Please send us a photograph of your object and the adress. For the alignment of cars we just need the car registration number.

On a previously agreed date you should be present there to be aware of the alignment.
